

FORMER TOTAL SITE

There are two matters which are delaying development progress on this site:

- i) Dealing with the conditions attached to the planning permission and
- ii) Effecting removal of Highway Rights

As soon as positive responses have been received from respectively Epping Forest District Council and Essex County Council, it is anticipated that work on the site can continue. Hopefully this will be no later than the beginning of 2018.

Please see Council minutes on the Nazeing Parish Council website for more detailed information.

NAZEING PARISH COUNCIL

Dated: November 2017
